

Hands on Learning

MCESC Preschools

Children learn through activity based opportunities!

The MCESC in collaboration with local school districts offers preschool services for a variety of children with differing needs. We pride ourselves in offering research-based, developmentally appropriate practices.

typical school building, expecting to see children sitting quietly in chairs around small tables working on worksheets with the letter of the week. Yet research has shown that this is not how children will learn and retain

However, with today's fast paced, high stake learning environment where kindergarteners are expected to learn to read, every parent wants their child to be well prepared to walk through the school doors on the very first day. The first thing many parents may look for is a preschool classroom that mimics those found in a

the content and skills they need be successful in school. It is this research upon which the MCESC preschools are established. The curriculum used by all MCESC preschools sites addresses each of the five Early Learning and Development Standards developed by the Ohio Department of

“Childhood is not a race to see how quickly a child can read and count. Childhood is a small window of time to learn and develop at a pace which is right for each individual child.”

~ Magda Gerber

Education. The standards include;

- Approaches towards Learning,
- Language & Literacy,
- Physical Well Being and Motor Development,
- Social & Emotional
- Cognition & General Knowledge

The standards are implemented through activities to assist children to be better prepared and ready for Kindergarten. To learn more about the MCESC preschool programs, contact us at **330.965.7912**.
