

School Bus Rules and Regulations - 2019-2020

School buses are extensions of regular school facilities and students are expected to conduct themselves on the buses as they do when they are in the school building. School bus drivers have the same authority as the classroom teachers to enforce the rules and regulations in accordance with state law, (O.A.C. 3301-83-08).

Parents/Guardians are responsible for their child's behavior before boarding the bus in the morning (this includes the area where the children gather to wait for the bus) and after the students disembark from the bus at the end of the school day. Riding the bus is a privilege and the student's behavior is a matter of safety and involves the lives of others. Bus drivers should not be distracted from their task of driving, due to inappropriate behavior. **Please read then discuss the following transportation rules with your child and sign the attached form. Return the signed portion to the bus driver and retain the top section for future reference.**
